GAC® 2500-AGRI MOISTURE TESTER

DICKEY- John GAC® 2500-Agri Moisture Tester

DICKEY-john, the worldwide leader in grain moisture analyzers, offers the GAC® 2500-AGRI, an affordable moisture tester that provides elevator-like results. The GAC 2500-AGRI delivers on the same promise that today's Dj moisture testers make to farmers: Only with a DICKEY-john tester can you have confidence that when you take a load of grain to the local elevator, you will not be surprised by a reading that is significantly different than what you measured on the farm

Features:

- Easy-to-use, intuitive color touchscreen eliminates operator training
- Accurate temperature-sensing capabilities allow you to measure frozen and hot grain.
- Memory storage for up to 3,000 measurements
- Multiple USB ports on the back of the unit for software upgrades, USB devices, printer and peripherals
- Additional USB ports located on the front of unit for easy calibration imports, as well as keyboard and mouse plug-ins for inputting set-up data
